

Drug Dealer

[Paul William Hilder](#), now of Angmering West Sussex, went for a job at MI5 after studying at [Bath University](#) between 1996 and 1999....

According to [Paul Hilder's](#) sister [Louise Mary Watts](#), a Senior [Neonatal Nurse](#), he didnt get the job at MI5 as they must have found out that "he was a drug dealer at Bath University".

Louise Watts (aka Louise Hilder / Louise Barton) admitted in court that she regularly broke the UK [Coronavirus law](#) in 2020 whilst working as a neonatal nurse at the [Trevor Mann Baby Unit \(TMBU\)](#) in Brighton.

In my opinion, Louise Watts abused her position of trust by wilfully and recklessly putting vulnerable patients, hospital staff and others lives at risk of infection/death during the global Covid pandemic by allowing people into her house.

[Paul Hilder's](#) father [Peter Richard Hilder](#) was convicted and imprisoned for Fraud. According to the [FCA Final Notice](#) he "dishonestly obtained 19 mortgages totalling approximately £2.78 million."

Drug misuse harms the health and wellbeing of too many people. There are a number of different criminal offences which restrict the supply and use of harmful substances.

It is illegal to possess, supply and produce controlled drugs. It is also illegal to import or export drugs, or to allow your premises to be used for drug production.

Controlled drugs fall into three different categories, Class A, B or C, according to their danger or how harmful they are. The sentences for drug offences are different for each class of drugs. Class A drugs are the most harmful, and will lead to a greater sentence.
